

DEWALT 12V XR Brushless Sub-Compact Screwdriver - 2 x 2Ah

DCF601D2

- 12V tools and batteries are 100% compatible with existing 10.8V products
- Efficient Brushless motor delivers high performance and extended tool life
- 36mm shorter than the previous generation, allowing you to get into even smaller spaces
- Only 0.68kg (tool only) for ultimate portability
- 30% more runtime than the previous generation
- Up to 8 Nm torque allows you to achieve tough screwdriving applications
- 16 position clutch enables you to perform precise, repeatable applications
- 'Drop and Load' bit holder for one-handed operation
- Includes 2 x 2Ah batteries, multi-voltage charger and TSTAK

Description:

The DEWALT 12V XR Brushless Sub-Compact Screwdriver is a powerful heavy duty yet ultra-compact tool designed for high performance, excellent runtime and longer tool life. The Brushless motor offers increased efficiency and power delivery up to 1100 rpm, resulting in less wear and greater tool life. The screwdriver is ideal for driving small wood or machined screws, saving time and effort. The LED worklight delivers greater working lighting in smaller areas. The spindle lock functionality allows you to work without having to pull the trigger. The DEWALT 12V battery pack shows how much battery capacity is remaining using the state of charge indicator.

Supplied With:

- 2 x 12V XR 2Ah Batteries
- 1 x Battery Charger
- 1 x T-STAK Kitbox

Specifications	
Battery	XR Lithium-Ion
Voltage	12 V
Application	General Screwdriving
Max Torque (Hard)	8 Nm
Clutch Positions	16
No Load Speed	0-1100 rpm
Head Length	122 mm
Height	185 mm
