

D21585-LX

2500W H.D Wet Diamond Core
Drill 110V

FEATURES

- Ideal tool for heavy duty electrical, plumbing, HVAC or general construction applications when drilling into concrete
- Integrated water swivel for core drilling into any material up to 250 mm
- High powered motor delivers best in class performance for frequent Heavy duty drilling
- 3 Mechanical speeds deliver optimum drilling speed
- Overload and thermal protection increase the life of the tool.
- Mechanical clutch for added user protection
- To be used with D215851 drilling stand

SPECIFICATIONS

Spindle Thread	1 1/4" Male UNC
Power Input	2500 Watts
Power Output	1500 Watt
No Load Speed	500 / 1200 / 2000 rpm
Max. Drilling Capacity [Concrete]	250 mm
Weight	11.2 kg
Max. Drilling Capacity [Masonry]	300 mm
Length	570 mm
Height	160 mm
Hand/Arm Vibration - Drilling	N/A m/s ²
Sound Pressure	84.3 dB(A)
Sound Pressure Uncertainty	3 dB(A)
Sound Power	95.3 dB(A)
Sound Power Uncertainty	3 dB(A)
