

DWV902M-LX

**38L Construction Dust Extractor
M Class 110V**

FEATURES

- M Classified to meet EU legislation
- Innovative dual filter cleaning system maintains performance during tough construction applications
- Constant suction power even with the finest concrete and wood dust
- A filter is automatically cleaned every 30 seconds reducing filter clogging and delivering constant air flow
- Wet and dry pick up with variable suction control allows for the reduction of suction power if required
- Built-in power take off socket allows power tool connection for automatic switching of the vacuum system
- Telescoping handle and large rear wheels allow easy transportation over jobsite
- Audible alarm alerts user if a drop in performance occurs
- Automatic start and stop control when the power tool is operated. The machine continues to run for an extra 15 seconds to allow all dust to be cleared from system

SPECIFICATIONS

Power Input	1400 Watts
Max. Airflow	4080 l/min
Capacity	38 Liter
Wet/Dry Capacity	18.4 Liter
Weight	15 kg
Height	695 mm
Power Take Off Rating: Europe	2200 Watts
Sound Pressure	73 dB(A)
Sound Pressure Uncertainty	3 dB(A)
Sound Power	87 dB(A)
Sound Power Uncertainty	3 dB(A)
